JANUARY HIGHLIGHTS

Let's Hygge | 1/15 6:30-8 Hygge (pronounced Hue-ga) is the newest buzzword in relaxation and lifestyle. Hygge is a Danish word used when acknowledging a feeling or a moment as cozy, charming or special. We're ready to get our Hygge on here at the library. Join us for a full-on night of Hygge with Eva Robinson from the Royal Danish Consulate of Pittsburgh. We'll be getting cozy with various gentle and soothing things so be sure to wear something comfy (slippers are encouraged!) Adults 18+ for this ultra-delightful evening where you'll learn something from the culture that boasts the happiest people in the world!

Awake @ The Library | 1/10 6:30-8 We're launching this new discussion series focusing on compassion, connection and community. Kicking things off is Public Source: a local nonpartisan media organization dedicated to public-service reporting and analysis, convening communities and connecting engaged citizens. Our first discussion: Fake News. What does the phrase mean and where does it come from? Who creates it and how does it spread? How can you know what you're hearing and reading is accurate and true? This discussion will take you inside the wild world of fake news and give you the tools you need to combat it.

Cult Films of the 90s | 1/20 1:00-3:00 We love the 90s and we know you do too! We're kicking off our series with Bill and Ted, our favorite DUDES. Join us for bean bags, bean dip and a sprinkling of time travel-infused history lessons. This event is **intergenerational**, so welcome teens and adults 13+. This movie is rated PG but be sure to check out the listing on IMDB if you have any concerns.

Essential Oils | 1/31 6:00-8:00 Kelly Petit will go over what essential oils are and how to use them effectively and safely. You will get to smell and test the oils and even taste some oil-infused goodies. You'll walk away with a basic understanding of how to easily incorporate oils into daily life.
