FEBRUARY HIGHLIGHTS

Storywalk in the Welcome Garden all month long  During the month of February, go on a self-guided StoryWalk in our Welcome Garden featuring Kwame Alexander and Kadir Nelson's award winning book: *The Undefeated*. Kwame Alexander's beautiful text celebrates the amazing African Americans whose achievements, struggles, and successes are so important to our nation's history, but who are often forgotten and left out of our history books. Learn more about the historical figures and events featured in the book through the resources listed on our website. No registration necessary, enjoy this StoryWalk during daylight hours.

Copperplate Calligraphy starting 2/1 | 6:30-8:30  If you have taken a pointed pen calligraphy class before, consider joining this 4-week class with calligraphy artist, Karen Roberts. The class will take you beyond the basics and teach you how to create fluidity and add elegance to your letters, refine the capital letters, and add flourishing. You'll work with a pointed metal nib dipped in ink and paint including black sumi ink, an opaque watercolor called gouache and metallics.

History of Jazz in Pittsburgh with local author Abby Mendelson 2/18 | 7:00-8:30  Learn about the rich history of jazz in Pittsburgh, arguably America's single greatest city for the creation of jazz talent. You'll discover the reasons for the astounding growth of jazz here, its personalities and places, its diversity over the years and the extraordinary community it has maintained into the 21st Century.

Live Mars Rover Landing 2/18 | 3:00  Join Mark Guillette for a Live NASA simulcast of the landing of the Perseverance Mars Rover. Logon to watch the rover landing and take part in an interactive live chat with Q&A available throughout the presentation.

Take-n-Make Kits for All Ages  Every month, CSCL and Sharpsburg will have a variety of Take-n-Make kits available to pick up for adults, teens, families and little ones. Check our website calendar for the details on how to get them!

WHERE TO PARTICIPATE  YouTube  Facebook  Outside  Zoom

WINTER READING FOR ALL AGES

Through February 28th

Still plenty of time to read and enjoy the season with us this winter. Sign up on Beanstack (online or through the app) and track your reading and activities for points and prizes!
