# MAY HIGHLIGHTS

**Organizing Your Financial Junk Drawer 5/19 | anytime**  2021 is the year to get your papers in order! Join Elizabeth Carlson from Bridgier Financial Group in a conversation with Librarian, Kelley Beeson. She'll share a quick and dirty guide on getting organized! Just like a junk drawer, every person's financial situation includes a unique set of items. This conversation will help you to simplify and organize your financial life so you can direct your focus and energy to other areas of your life with confidence.

**The Pittsburgh Jazz Scene with Author Abby Mendelson 5/20 | anytime**  Local author of Spirit to Spirit: A Portrait of Pittsburgh Jazz in the New Century, Abby Mendelson shares stories from the world of Jazz in Pittsburgh then and now. Learn more about Roger Humphries, George Hyde III, Howie Alexander and Dwayne Dolphin, among others. And find out where to go for some great live jazz.

**Pittsburgh Technology Council CEO, Audrey Russo 5/26 | anytime**  Join Audrey Russo, President and CEO of Pittsburgh Technology Council for a Q&A on the state of technology, startups and innovation in Pittsburgh. Librarian Kelley Beeson will ask Audrey a series of juicy questions for Ms. Russo. Learn more about where the technology industry in Pittsburgh is at and where it's going!

**ReMake Learning Days: Butterfly Feeder Jar/Butterfly Feeder Plate @ Sharpsburg 5/13 | 4:30-5:30**  Did you know that butterflies are pollinators? Learn more about butterflies and their role as pollinators while making a DIY butterfly feeder jar outside in our courtyard. Participants will also go on a guided walk to the Pollinator Garden at James Sharp Landing, a short distance away from the library. This activity will incorporate STEM, art, and dexterity skills to create butterfly feeders that participants can use in their own backyards. Participants unable to attend in-person can pick up a kit with print instructions from the library or watch our virtual how-to video.

**Take-n-Make Kits for Everyone!**  Every month, CSCL and Sharpsburg will have a variety of Take-n-Make kits available to pick up for adults, teens, families and little ones. Check our website calendar for the details on when and how to get them!

**Now open to the public!**
